

LBF Gay Catalina
1995 Chestnut Mare
Gay Vaquero X Treasure Brightsun
Bred by Little Brook Farm
Brownsville, Vermont

LBF Gay Catalina has produced one foal for Little Brook Farm. She has been busy following in the footsteps of her sire and competing in Open Dressage , attaining Third Level of competition. LBF Catalina is the last foal of her sire Gay Vaquero.

Gay Vaquero was a bay stallion, and a most impressive, smooth, well balanced Bay horse he was. He had a striking presence, a great deal of charisma and the physical attributes to back up the charisma and striking presence. Gay Vaquero , very deservedly, was the fountainhead of Little Brook Farm. For the current day breeders of Working Western Family (WWF) horses, the names of Richard and Phyllis Nelsen and their Primavera prefix are very highly renown. The Primavera horses are among the very foundation of the WWF as we know it today.

Vaquero Mac, (sire of Gay Vaquero) himself sired only 15 Registered Morgan horses, some of whom went on to be breeding horses, but for the most part his line has died out. Vaquero Mac was also bred by the Nelsens. He was a very handsome chestnut horse and his son Gay Vaquero resembled him strongly. Vaquero Mac was a solid, well balanced individual, with powerful hindquarters, and the same overall smoothness his son inherited. Vaquero Mac's sire was the chestnut Ro Mac, bred by Dr. CC Reed of California. Ro Mac was 14.3 hands and Vaquero Mac was very obviously his son- the body of all three horses, Gay Vaquero, Vaquero Mac and Ro Mac are almost interchangeable. Ro Mac was by the well known Gay Mac . Gay Mac in turn was by the US Government Morgan Horse Farm premier stallion Mansfield. Mansfield was by Bennington by General Gates out of Mrs. Culvers. It is almost impossible to find a Morgan Horse today without Mansfield on the papers. So wide an influence has Mansfield had. Mrs. Culvers the dam of Bennington was brought into the Government Farm breeding program from KY, in an effort to

increase size in the herd. She was a great granddaughter of Gist's Black Hawk Morgan by Blood's Vermont Black Hawk, by Black Hawk, son of Sherman Morgan—one of the three most famous breeding sons of Justin Morgan. General Gates was by Denning Allen out of Fanny Scott, a mare of primarily Thoroughbred breeding.

Denning Allen, however, was all Morgan, with multiple crosses to Sherman Morgan through Black Hawk. Denning Allen also carries a cross to Woodbury Morgan, and one, more rare to Red Robin, another son of Justin Morgan, though a lesser known son.

Artemisia was the dam of Mansfield, and through her is a link to what is considered as Ancient Morgan lineage breeding. She was by Ethan Allen 3rd out of the Harrison Orcutt Mare. Ethan Allen 3rd (Borden's) was by Ethan Allen 2nd (Peter's) son of Peter's Vermont by Green Mountain Morgan and going back to Gifford Morgan by Woodbury Morgan, another of the three most famous breeding sons of Justin Morgan. The cross of Bennington and Artemisia has long been considered a “golden cross” and it is one which has produced the backbone of not only the WWF, but of all of today's Morgans who can be considered of Government breeding. This then is the top sire line of Gay Vaquero—pure old US Government Farm breeding. On Artemisia's pedigree one finds the names that rank among the most famous in the early years of the breed – Cushings Green Mountain, Billy Root, Hale's Green Mountain, Black Morgan, The Batchelder Horse, The Levi Wilder mare, and yet another of Justin Morgan's lesser known sons—The Hawkins Horse.

Dewdrop the dam of Gay Mac was by General Gates out of Ellen. Ellen was a Vermont bred mare, standing 15.2 hands with nine crosses to Justin Morgan, through all three famous sons, Sherman, Woodbury, and Bulrush. She was owned and registered by Joseph Battell and kept as a broodmare at the Government Farm. She produced 14 foals, 13 of whom were filly foals. She was a big, smooth, up-headed mare and beautifully bred. She was one of the best of the Government broodmares. Ellen carried her line to Bulrush through Morrill, by The Jennison Colt

a grandson of Bulrush. Gifford Morgan by Woodbury is on her pedigree as well as Motion by Daniel Lambert going back to Sherman Morgan.

Bessie Ro was the dam of Ro Mac. She was by Querido (full brother to Mansfield) and out of Roboss by Red Oak. Bessie Ro was bred by Roland G. Hill of California, and again is considered pure WWF. Roland G. Hill bought many of his mares from Richard Sellman of Rochelle, TX. The Sellman name is revered by breeders of the Working Western Family, and horses of his breeding's lines are highly sought to this day. After the death of Richard Sellman, his horses were dispersed, and as in the case of Roland G. Hill, some of the mares went to California breeders, becoming in turn the basis for the Morgans we now call old California bred. Others went to Quarter Horse breeders in Texas, lost to the Morgan breed, but a goodly part of the Foundation Quarter Horse as we know it today.

Roboss was a 1920 mare who is among the most highly sought. She was out of Bossie A , also bred by Richard Sellman. Bossie A represents the very heart of Sellman's breeding program- she by Major Antoine out of daughter of Major Gordon. Major Antoine was by Meteor Jr. by Meteor by Young Rix who was a son of Chieftain, who was a son of Black Hawk by Sherman Morgan. For the most part these were 16 hand horses either black or brown in color, and from Vermont. From Major Antione on this is considered solid mid-western breeding which is the basis of Sellman's breeding. Most go back to Sherman Morgan, some through Black Hawk. Some go to Woodbury and Bulrush such as Octoroon who is behind Bossie Gordon, the dam of Bossie A. Major Gordon who has the blood of Octoroon also has a line to The Hawkins Horse by Justin Morgan through Joe Brown by Davy Crockett by The Hawkins Horse. Major Gorden also had a line to Woodbury through Comet who was by The Chittendon County Morgan by Putnam Morgan by Woodbury. Comet has this exact breeding on both the top and bottom of his pedigree. In his day Comet was undefeated as a show horse and after he left his home state of Vermont, and went to Kentucky – was considered one of the very best sires in that state. Again, a strong blend of the three famous sons, with lines to lessor known sons , which was

characteristic of the Sellman breeding program as the horses were known to be and bred to be sound, hard using stock.

Red Oak the sire of Roboss, was by General Gates out of Marguerite, who was by White River Morgan who traces to Woodbury Morgan on both top and bottom of this pedigree. Red Oak was bred by Joseph Battell, and some say he was the best son of General Gates. Certainly the the Ancient Vermont blood of his dam Marguerite was a contributing factor in that. For in addition to Woodbury Marguerite also has the blood of an unnamed daughter of Justin Morgan behind her.

This then is the very top line of Gay Vaquero's pedigree through Vaquero Mac. It is from the dam of Vaquero Mac that a divergence from the very top line begins. While still heavily Sellman breeding in nature, one begins to see more Sherman Morgan and Bulrush Morgan blood added. Oh-Cee's Gift (bred by R.N. Nelson , foaled in 1956) was the dam of Vaquero Mac, and while her sire line Montabell, by Montecrest Sellman by Joe Bailey by Headlight Morgan is pure Sellman breeding- her paternal dam line goes back to the famous cross of Bennington and Artemsia, through Querido. This line – that of Jinglebells dam of Montabell brings in more Bulrush Morgan through Morrill and doubles up on Headlight Morgan through his son Easter Allen Morgan.

In addition there is a line to Black Hawk by Sherman here through Easter Allen Morgan's dam-Bessie Morgan. These were all robust horses, some like Bessie Morgan as large as 15.2 hands, others of the 14.3 hand range with weights of 1100 lbs.

It is through Oh-Cee's Gift's dam Jane Abbey , bred by J.C. Brunk, that we see far more of the Sherman Morgan blood. It is here in abundance through Jane Abbey's sire Raragraph by Jubilee King and out of Nella by Allen King. Allen King and Penrod, the sire of Jubilee King were full brothers by Allen Franklin out of Black Bess. Allen Franklin was by Jasper Franklin by Ben Franklin by Daniel Lambert. Jasper Franklin's dam was Twilight by Daniel Lambert. In the fourth generation sire lines of

Jasper Franklin, Black Hawk by Sherman Morgan appears four times. Heavy Sherman blood concentration indeed.

Daisy, the dam of Allen Franklin has no less concentrated Sherman blood, but hers comes through the famous 'Billy's'- Billy Bodette, and Billy Root- she also carried a line to Royal Morgan by Sherman and one to The Atkins Mare by Sherman. This much blood of Sherman through Daniel Lambert especially was the hallmark of the earlier JC Brunk breeding program- which is indeed another equally important contribution to the foundation of the modern Working Western Family.

Black Bess, the dam of Penrod and Allen Franklin, was by Jubilee De Jarnette, the only son of the very famous and undefeated show mare Lady De Jarnette. She was so famous that after a little while nobody would show against her, and she did exhibitions only. She was a five gaited mare. She was a great granddaughter of Black Hawk. Jubilee Lambert was the sire of Black Bess, he was by Daniel Lambert himself, out of a Black Hawk granddaughter. The bottom side of Jane Abbey's pedigree is a virtual repeat of the top side of her pedigree with the addition of Knox Morgan by Mountaineer Morgan who goes back to Sherman, close up on both sides of his pedigree. Knox Morgan was the maternal grandfather of Jane Abbey's dam- Betty Barr. Betty Barr was by Penrod out of Daisy Knox, who was also the dam of the famous Jubilee King son- Red Vermont. Daisy Knox was out of Daisy De Jarnette by Jubilee De Jarnette X Ben's Daisy by Ben Franklin. The dam of Ben's Daisy was the same Daisy as mentioned above as the dam of Allen Franklin.

This is the heart of the JC Brunk breeding program. Knox Morgan crossed onto the Daniel Lambert blood brought to that line more elegance and more compactness of form. This is the top side of Gay Vaquero's pedigree- a blend of US Government Farm, the best of Sellman, Ancient Vermont blood, and the best of Brunk breeding.

Gay Berta, dam of Gay Vaquero was by Gay Mac, out of Roberta Ro. Roberta Ro was a full sister to Bessie Ro who was the dam of Ro Mac the sire of Vaquero Mac.

Gay Berta had six progeny, and won her class of Mare and Foal at age 17- she was a very pretty mare, very smooth, and very correct, with a lovely expression and eye. She was owned by The Nelsens, and was very much a prized broodmare. Four of her produce were Gay Vaquero, Panzarita Ro by Ro Mac, Seranita Ro by Senator Gift, and Tia Margarita by Tio Lalo. All of whom were very well known, and highly regarded. This is what is considered as California breeding despite it being based on the old US Government Farm in Vermont at Middlebury.

To get Gay Vaquero, we have a classic example of excellent inbreeding. That of breeding a grandson of an excellent horse to a daughter of that same excellent horse.. In this case the grandson was Vaquero Mac, the grandson of Gay Mac, bred to Gay Berta, the daughter of Gay Mac. It is a pattern used by many a good breeder, including JC Brunk. It strengthens the good traits, and in the case of Gay Vaquero it most certainly did do that. In his case it worked beautifully bringing all the breeding strength of great past horses, all the stamina, all the soundness and using ability to Gay Vaquero. Who put it to good use with Polly Smith in Dressage, Carriage Driving, and Western Pleasure as well as his job as a breeding horse.

Gay Vaquero sired a total of 18 foals, seven colt foals, and eleven filly foals. Among them six carrying the LBF prefix. They are LBF Gay Melodie, LBF Gay Enchantress, LBF Long Tall Sally, LBF Gay Isabella, LBF Gay Jamboree and LBF Gay Catalina. He also sired Rocking M Vaquero, who stands at stud at Roy Foote's Treasure Morgans out west in Superior, Montana.

Thus in Gay Vaquero we see a blend of the very best Morgans of Old Vermont, the Midwest, California and The US Government Farm. He truly was a foundation bred Morgan and a foundation bred Working Western Morgan.

Treasure Brightsun's sire was Primavera Regalo , a 1974 dark chestnut stallion of 15.1 hands was sired by Juan Bravo, out of Belle Meade. Juan Bravo was by Califomio out of Re-Wind of Sundown. Juan Bravo, by the legendary stallion Califomio was bred by Richard and Phyliss Nelsen when they lived in Ohio. The dam of Juan Bravo was the very well known and highly respected mare Re-Wind of Sundown. Juan Bravo sired only seven Morgan get according to AMHA records. Primavera Ramona and her half brother Primavera Regalo owned by Roy Foote, Treasure Morgans in Montana, are perhaps the best known , and most productive of Juan Bravo's get.

Califomio , also bred by The Nelsens, was a 1967 Palomino stallion who sired 54 get and has left his mark, though his get, all over the North American continent. He was not a big ,tall horse, but he was a most impressive stallion. He was used for all kinds of riding, English, Jumping, and of course Western. His family is known not only for the lovely Palomino color they often have, but for their athletic ability. He was sired by Tio Lalo , palomino , bred by E.N. Vail of Los Angeles , California. Tio Lalo was shown and won in Western Pleasure. Tio Lalo left nineteen registered get. He was sired by the Sonfield son Mahan Field out of Helen Mala. Mahan Field was bred by Roland Hill of California. while Mr. Hill owned Sonfield. This is US Government Farm breeding on both sides. But since Sonfield stood in California , it can also be considered as California breeding. Sonfield was by Mansfield out of Quietude a daughter of Troubadour of Willowmoor. Ruth was the dam of Quietude. She was a 1915 Vermont bred mare by Reynard out of Laura Jay. Ruth goes back to Sherman Morgan through Billy Roberts on both sides of her pedigree. She also has multiple crosses to Sherman through The Streeter Horse and through Billy Root and The Bodette Horse. So Sonfield was a blend of the old Government breeding and that of Daniel Lambert through Jubilee De Jamette going back to Sherman Morgan.

Sissy was the dam of Californio, she by Ro Mac by Gay Mac out of Berta Sonfield by Sonfield. This is old US Government Farm breeding indeed, even though she was foaled in California, bred by Dr. CC Reed of Compton, CA.

Mansfield was by Bennington out of Artemsia- perhaps the most famous breeding of the US Government Farm. Bennington was by General Gates who was sired by Denning Allen and who has many crosses back to Sherman Morgan again through his sire Honest Allen. The historical story goes that Joseph Battell admired Honest Allen greatly and when years later his son Denning Allen came up for public sale Joseph Battell bought him. Denning Allen sired the race gelding Lord Clinton, who was extremely admired by Mr. Battell, but as a gelding would not do as a breeding horse, which is why in part he bought Denning Allen when he became available. Artemsia was of what is known as Ancient Vermont Lineage- she was by Ethan Allen 3rd. out of Lady Laura (Harrison Orcutt Mare) who was sired by Bob Morgan. Ethan Allen 3rd goes back to Sherman Morgan and to Woodbury Morgan as well as to Bulrush Morgan. On her pedigree are found such famous names as Black Morgan, Morgan Tiger, Green Mountain Morgan, Hale's Green Mountain, Cushings Green Mountain, Ethan Allen 50, and the Dr. Abel Brown Horse.

Helen Mala, the dam of Mahan Field was bred by Roland G. Hill of California. She was a 1938 brown mare of pure Sellman breeding being by Headlight Morgan out of Baby Lu. Headlight Morgan was by Ethan Allen 2nd, out of Lady Stratton who goes back to Woodbury Morgan where Ethan Allen 2nd, goes back to Justin Morgan through his son Red Robin. So here within Headlight Morgan are lines to Woodbury Morgan, Red Robin, and Black Hawk to Sherman Morgan. Black Hawk comes in through Ethan Allen 50 grandsire of Ethan Allen 2nd. Baby Lu, dam of Helen Mala, brings in the blood of The Admiral and Major Antoine her maternal grandfather. The Admiral by Jubilee De Jamette brings in Sherman Morgan through Daniel Lambert via Jubilee Lambert and in addition brings in Bulrush Morgan through his dam Morrill Queen through Winnebago Chief. She also brings in Revenge by Justin Morgan, and Black Hawk by Sherman Morgan through her dam Olive.

Emma Antoine was the dam of Baby Lu. She was by Major Antoine out of Topsy. This cross that of The Admiral and Major Antoine is classic Sellman breeding. Major

Antoine was by Meteor Jr. who traces back to Sherman Morgan via Black Hawk, and Black Hawk's son Chieftain. Through the dam of Meteor Jr- Nell Bird comes a line to Woodbury Morgan. Through Emma Antoine's dam comes another line to Bulrush Morgan and two more to Woodbury Morgan. This is a very carefully done blend of not only the major sons of Justin Morgan, but includes two of the lesser known sons, Red Robin, and Revenge as well as The Hawkins Horse by Justin Morgan who comes into this pedigree through Emma Antoine's great grandfather Octoroon. This then is the contribution of MahanField to California's sire Tio Lalo. Palomesa was the dam of Tio Lalo, she by Midnight Sun out of Baby O. It is Palomesa who contributed the palomino coloring that came down to California. She was a palomino mare, foaled in 1947, and bred by SM Salisbury of Los Angeles, California. Tio Lalo was her only registered Morgan offspring. Tio Lalo looked amazingly like his grandsire Midnight Sun – testimony to breeding strength indeed.

Midnight Sun was double registered with both the Morgan and Palomino Associations. He sired 19 foals, and was foaled in 1943. His sire Sun Down Morgan was owned by Merle Little of CA from the age of twelve on. Mr. Little used him as a parade horse, a trail horse and a stock horse. SunDown Morgan was a very handsome, upstanding horse with a great deal of presence. He sired 29 foals. His breeding goes back to Bulrush Morgan on the top line through Raven Chief, Morgan Chief, Chief Morgan, to Julian Morgan by Winnebago Chief. This is all Bulrush breeding. Raven Chief was bred by Richard Sellman, who had purchased his sire Morgan Chief earlier. Morgan Chief was Midwest bred and only had 4 progeny registered. Richard Sellman took this Bulrush bred horse and bred him to Baby Girl, a 1910 chestnut mare doing what became a classic Sellman pattern. She was by The Admiral out of a mare who was a daughter of both Major Gordon and Major Antoine. Really setting the pattern with the breeding of Raven Chief in combining the Old Midwestern bloodlines.

The dam of SunDown Morgan was the Sellman bred mare Texsky, she by Texas Allen out of Frisky by Gold Medal. This line of Sellman breeding combines Sherman, Bulrush and Woodbury Morgan. Texsky went back to Headlight Morgan- the

Woodbury and Sherman lines; Gold Medal, going back to Woodbury, Bulrush and the lessor known Hawkins Horse by Justin Morgan, as well as Sherman Morgan. Her pedigree contains the bloodlines of the sire of Texas Allen, Easter Allen Morgan by Headlight Morgan, Flying Morrill, The Hanchett Horse, Bessie Morgan, Nell Bird with her contribution of Black Hawk- in short a very good representation of all the best of the original breed bloodlines.

DawnGlo, dam of Midnight Sun is of different breeding. She was a 1939 Palomino mare, registered as Creme, bred by the LU Sheep Company, Dickie Wyoming and owned by Helen Greenwalt. Her sire was Night Tide by Tiffany by Mansfield. Night Tide's dam was Glenalla- the daughter of Allen King and Ruby Reade. Ruby Reade had the blood of Jubilee De Jarnette, Bess Franklin by the Daniel Lambert grandson Chetco by Ben Franklin, Ethan Allen 50 by Black Hawk by Sherman- so the Glenalla line was just about pure Sherman Morgan, heavily through Daniel Lambert. While Night Tide, DawnGlo's sire was on his sire line, pure old Government breeding. An interesting combination indeed.

Ishawoowa was the dam of DawnGlo. She was by Linspar by Linsley whose sire line was Old Government breeding, but whose dam Sunflower Maid was by Headlight Morgan. Ishawoowa was another LU Mare, whose sire was Flyhawk and her dam was Coalie out of an unregistered mare who was the granddaughter of Dan Patch an American Trotting Registered stallion who traced to Star of the West, and Black Hawk 20 among others. This is characteristic of early LU breeding which was daughters of Flyhawk, out of un-registered mares who traced back to Morgan bloodlines then bred to Linspar.

Re-Wind of Sundown was the dam of Juan Bravo, she was by Siskiyou Thor (Ryder X Shasta Girl). Siskiyou Thor's sire Ryder was a Sonfield son, out of a Querido daughter -Angel A- who traces back to Texas Allen who Sellman used. She also carried the other well known Sellman stock such as Angelina and through Moleskin she goes back to the classic Sellman pattern of Headlight Morgan on daughters of

The Admiral and Major Gordon. Re-Wind Of Sundown was herself a very well known mare , of , I think Cutting Horse renown.

Shasta Girl, Thor's dam was by North Fork out of Georgette. North Fork was a Querido grandson, who's paternal granddam was the pure Sellman mare Addy. North Fork's dam was Roverta who on her sire line goes to Allen King, full brother to Penrod- sire of Jubilee King . Roverta was out of Roboss who was Red Oak by General Gates out of Sellman mare Bossie A. Again here is a blend of Old Government, Daniel Lambert , and Bulrush Morgan. Shasta Girl's dam Georgette was by the exquisite Mountcrest Sellman, out of Frisky A- another of Sellman's superb mares. Mountcrest Sellman is a name which when it appears on a pedigree almost always guarantee's a splendid offspring one which continue to pass on Mountcrest Sellman's fine conformation and high quality.

El Blazie was the dam of Re-Wind of Sundown. She was by El Cortez, a good son of the powerful and highly regarded Romanesque by Red Oak out of Mariah K. an extremely well known Sellman mare.. Romanesque was her only progeny but what a contribution to the breed he was. El Cortez was out of the Linsley daughter Viola Linsley , she being out of old Donbelle of classic Old Vermont, Ancient Morgan breeding.

Belle Meade , the dam of Primavera Regalo, was a 1954 chestnut mare, bred by the LU Sheep Company of Worland, WY. She produced eleven foals , seven of them colts. She was by Townshend Gaymeade out of Charmine, a Senator Graham daughter out of Mallow. Her sire, Townshend Gaymeade was a 15.2 hand dark chestnut stallion bred by Anna Ela , Townshend Farm Morgans, of Townshend, Vermont. Gaymeade was a very prolific stallion, siring eighty four registered foals. He stood at stud at the LU for four years. He is rather prevalent throughout the current Working Western Family pedigrees. On his sire line Gaymeade is all US Government Farm breeding being by Meade out of Gayselba, even though Gayselba was bred by Dr. WL Orcutt, as was her dam Ulyselba. Mansfield, Ulysses, Glady, and Gay Mac are all present behind Gayselba.

Glady was the dam of Meade, she was by Mansfield out of Lady Sealect, by Sealect out of the Knox Morgan daughter My Lady Knox. Glady was bred by the US Government Farm and her dam Lady Sealect as well as being a Knox Morgan granddaughter, was also a Knox Morgan great granddaughter though Sealect's dam Belle Marea who was also by Knox Morgan.

Gayselba was by Gay Mac. Gay Mac in turn was by the US Government Morgan Horse Farm premier stallion Mansfield. Mansfield was by Bennington by General Gates out of Mrs. Culvers. It is almost impossible to find a Morgan Horse today without Mansfield on the papers So wide an influence has Mansfield had. Mrs. Culvers the dam of Bennington was brought into the Government Farm breeding program from KY, in an effort to increase size in the herd. She was a great granddaughter of Gist's Black Hawk Morgan by Blood's Vermont Black Hawk, by Black Hawk, son of Sherman Morgan- one of the three most famous breeding sons of Justin Morgan. General Gates was by Denning Allen out of Fanny Scott, a mare of primarily Thoroughbred breeding. Denning Allen, carried multiple crosses to Sherman Morgan through Black Hawk. Denning Allen also carried a cross to Woodbury Morgan.

Artemisia was the dam of Mansfield, and through her is a link to what is considered as Ancient Morgan lineage breeding. She was by Ethan Allen 3rd out of the Harrison Orcutt Mare. Ethan Allen 3rd (Borden's) was by Ethan Allen 2nd (Peter's) son of Peter's Vermont by Green Mountain Morgan and going back to Gifford Morgan by Woodbury Morgan, another of the three most famous breeding sons of Justin Morgan. The cross of Bennington and Artemisia has long been considered a "golden cross" and it is one which has produced the backbone of not only the WWF, but of all of today's Morgans who can be considered of Government breeding. This then is the top sire line of Gay Vaquero- pure old US Government Farm breeding. On Artemisia's pedigree one finds the names that rank among the most famous in the early years of the breed – Cushings Green Mountain, Billy Root, Hale's Green Mountain, Black Morgan, The Batchelder Horse, The Levi Wilder mare, and yet another of Justin Morgan's lessor known sons-The Hawkins Horse.

Dewdrop the dam of Gay Mac was by General Gates out of Ellen. Ellen was a Vermont bred mare, standing 15.2 hands with nine crosses to Justin Morgan, through all three famous sons, Sherman, Woodbury, and Bulrush. She was owned and registered by Joseph Battell and kept as a broodmare at the Government Farm. She produced 14 foals, 13 of whom were filly foals. She was a big, smooth, up-headed mare and beautifully bred. She was one of the best of the Government broodmares. Ellen carried her line to Bulrush through Morrill, by The Jennison Colt a grandson of Bulrush. Gifford Morgan by Woodbury is on her pedigree as well as Motion by Daniel Lambert going back to Sherman Morgan.

Ulyselba, the dam of Gayselba, was by Ulysses out of Melba. Ulysses was a full brother to Mansfield. Melba was by Jerome Morgan out of Eudora. Jerome Morgan goes back to Sherman Morgan through Billy Root 9, and back to Woodbury Morgan through King's Billy Root as well through Hales Green Mountain Morgan by Gifford Morgan.

Eudora, dam of Melba was by General Gates and out of Babe by Bob Morgan. Eudora brings in Daniel Lambert bloodlines through her grandsire Cobden, a Daniel Lambert son.

This is the top side of Belle Meade's pedigree- US Government , Lu Sheep Co., with strong lines to both Daniel Lambert and Knox Morgan.

Charmaine was the dam of Belle Meade. She was a daughter of Senator Graham out of Mallow. Charmaine was bred by J & BL Dove of Sorento, Illinois. She was a very prolific mare, producing a total of fourteen foals, twelve of whom were filly foals. Mallow was bred by the LU Sheep Company , her sire was Linspar by Linsley- US Government Farm breeding – Linsley was by General Gates out of the Headlight Morgan daughter Sunflower Maid.

Mallow's dam was Larkspur by Flyhawk. Larkspur was out of a daughter of Morgan Patch who traced to Dan Patch , a trotting bred stallion. Mallow produced thirteen

foals, five colts and eight filly foals. She passed on her excellent breeding production to her daughter Charmaine.

Senator Graham, sire of Charmaine, was a 1940 chestnut stallion bred by Elmer Brown of Halstead, KS. He sired forty colts and seventy eight filly foals. Indeed he and his get are legion throughout the entire Morgan breed. Senator Graham was purchased by the Brown Brothers from Elmer Brown, and then sold to Robert Tynan, Jr of Stella, Nebraska. From Mr. Tynan he was purchased by the LU Sheep Company. He was used as both a Ranch horse at the LU and later on as a winning show horse. His pedigree is a wonderful blend of old bloodlines on both sides. He was sired by Senator Knox, who was a 15.2 hand chestnut bred by JC Brunk. Senator Knox was Champion Morgan of both the Iowa and Minnesota State Fairs as well as being part of the US Remount Program. He was sired by Knox Morgan and out of JC Brunk's beautiful mare Senata by Senator out of Daisy by Billy Bodette. Senator Knox therefore carried a very strong infusion of Sherman Morgan through not only Black Hawk, but through Billy Root 9, Billy Bodette, Chieftan and Royal Morgan among other Shermans. Senator Knox also had Woodbury Morgan behind him, through Gifford Morgan and Spragues Ethan Allen who was a double Woodbury Morgan horse.

Fanita was the dam of Senator Graham. She was by Tiffany by Mansfield out of Klyona. Tiffany was foaled in Middlebury, Vt, and later transferred to JC Brunk in exchange for Brunk's stallion Allen King. A mare- Juliette by name was included in the trade to JC Brunk. Fanita's dam was Benita by Knox Morgan out of Ben's Daisy by Ben Franklin. So here is a combination of US Government breeding with that of Daniel Lambert blood. Fanita was bred by JC Brunk, and was another prolific mare producing eleven foals-six filly foals and five colts.

This is the top side of Treasure Brightsuns' pedigree, that of her sire Primavera Regalo.

Treasure Incantation , dam of Treasure Brightsun, was sired by Shazam, a bay stallion foaled in 1970, bred by Patricia and Donald Long of Johnstown, NY. Her dam was Tia Isabella by Califomio. Shazam was sired by Lord Linsley who in turn was sired by Linsley Lee and out of Sunflower Belle. Lord Linsley was a triple great, great grandson of the US Government bred stallion Linsley. Two of those three crosses to Linsley are through Elberty Linsley the dam of Lord Linsley's paternal and maternal great grand parents.. On the top side that would be Linbar by Barberry, and on the bottom side that would be through Isobel. by Bob Romanesque. The third cross to Linsley comes through Lisabelle the dam of Sunflower Maid's sire- Larry Colonel. Linsley Lee was by Felix Lee by Allen Lee by Jubilee King. Allen Lee's dam was Allestra by Flyhawk's sire Go Hawk and out of Mrs. Lewis by Charles Reade out of Bess Franklin by Chetco the very well known son of Ben Franklin. This is all Sherman breeding and double Daniel Lambert breeding. The dam of Felix Lee was Fanita (dam of Senator Graham) by Tiffany out of Benita by Knox Morgan out of Ben's Daisy by Ben Franklin by Daniel Lambert.

Allen Lee, and Fanita were bred by JC Brunk, while Felix Lee was bred by the Chilocco Agricultural School. Linsley Lee was also bred by Chilocco Agricultural School. Tiffany , sire of Fanita was bred at Middlebury, Vt and he was sired by Mansfield out of Klyona a General Gates granddaughter and great granddaughter. Once again we see the pattern of US Government Farm breeding crossed with Daniel Lambert.

Linbar's sire Barberry was bred by H. Greenwalt, a 1937 solid bay stallion. He was sired by the Tiffany son Night Tide and his dam was Betty Barr by Penrod. Penrod of course was the sire of Jubilee King. Betty Barr's dam was the Knox Morgan daughter- Daisy Knox who was out of the Jubilee De Jarnette daughter Daisy De Jarnette whose dam was Ben's Daisy , also the dam of Benita. Night Tide's dam was Glenalla by Allen King X Ruby Reade. Allen King was the full brother to Penrod, sire of Jubilee King. Ruby Reade was by Charles Reade out of the Jubilee De Jarnette daughter Ruby, whose dam was Bess Franklin by Chetco.

There is yet a fourth cross to Linsley on Shazam's sire line. That being through Isobel's sire Bob Romanesque who was out of the Linsley daughter Maggy Linsley. All of which , in addition to the quantities of Daniel Lambert and the US Government bred stallions made Shazam one very athletic horse on the sire side alone. The dam of Shazam was Shadell. She was by the Flyhawk son Shadow Hawk and out of Dell's Melody by Plainsman.

Shadow Hawk was a black , 1947 foal, bred by Sam Doak of Illinois who sold him to Canada, where he became a working ranch horse and from where he was later bought by the Brunk family in 1960. He was the prolific sire of twenty seven colts and twenty four filly foals. Shadow Hawk was out of Sentimental. She by Major Reade by Charles Reade. JC Brunk's beautiful mare Senata was the dam of Sentiment. Sentimental's dam was the Sentiment daughter Bonnie Blue. Bonnie Blue was out of the red roan mare Roany, who had a line back to the Black Hawk Morgan.

Dell's Melody, the dam of Shadell was sired by Plainsman, who was according to the AMHA 2003 CD, bred by the Estate of Helen Greenwalt. Plainsman was by Plains King out of Sentola- full sister to Jubilee King. Plains King was by Romanesque by Red Oak by General Gates. Romanesque was out of the Headlight Morgan daughter Mariah K. who was out of Sweet Marie by The Admiral.. Mariah K. was bred by Richard Sellman. The dam of Plains King was the Linsley daughter Ella Linsley, she was out of Lemax by Sparhawk. Lemax was bred by Elmer Brown of Halstead, KS and she goes back to Ben Franklin, Gifford Morgan, Captain Herod, Ethan Allen 2nd and Reconstruction. Sherman and Woodbury Morgan combined.

The dam of Dell's Melody was the oddly named Rubby out of the Jubilee King daughter Madell whose dam was Tirzo by Go Hawk. Galva was the dam of Tirzo, she was a granddaughter of both Herod (goes back to Sherman Black Hawk), and Chetco by Ben Franklin as well as carrying Billy Bodette and Green Mountain Boy who carried a line to Brutus, a lesser known son of Justin Morgan.

Tia Isabella was the dam of Treasure Incantation. She was sired by Califonio and

out of OH-Cee's Gift. Californio was the sire of Primavera Regalo's sire- Juan Bravo. OH-Cee's Gift was sired by Montebell by Mountcrest Sellman. Montabell was out of Jinglebells bred by Roland Hill, who based his program on that of Richard Sellman. Jinglebells was out of Texanita by Texas Allen out of Anita B. Another Sellman bred mare. The sire of Jinglebells was Querido , a full brother to Mansfield. Both Kitty E- the dam of Mountcrest Sellman - and Anita B were sired by The Admiral. Classic Sellman breeding indeed. Jane Abbey was the dam of OH-Cee's Gift. Jane Abbey was sired by Raragraph a son of Jubilee King and Nella. Raragraph was bred by JC Brunk. Nella was renown as a superb broodmare , producing at least eleven foals. Betty Barr was the dam of Jane Abbey, she was also the dam of Barberry who is behind Shazam, sire of Treasure Incantation. Betty Barr was by Penrod out of Daisy Knox.

The pedigree of LBF Gay Catalina is one very strong in Sellman breeding, as well as the US Government Farm blood that has become the Working Western Family and that of Sherman Morgan , primarily through Daniel Lambert as represented by the breeding programs of J.C. Brunk based on those of Frank McGavock of Nashville, TN.
